3 REPORTS OF OFFICERS

8.1 Title: Update Report from Shire of Dardanup

Reporting Department	<i>Sustainable Development Directorate</i>
Reporting Officer	<i>Stephen Loiterton - Coordinator – Health, Emergency & Ranger Services</i>
Legislation	<i>Local Government Act 1995 Emergency Management Act 2005</i>

8.1.1 Shire of Dardanup and Local Community Events Calendar

Events Calendar for information purposes is attached (Appendix LEMC 8.1.1 A). Future events for the June to August period consist of inhouse workshops and school holiday programs. The next major event will be the annual Tronox Spring Out Festival on Sunday, 20th October 2024.

8.1.2 Dardanup Hall (Evacuation Centre)

The Dardanup Town Hall was removed from the Department of Communities' Welfare Centre Register as an evacuation centre in August 2023 due to its poor condition and inadequate facilities. Without upgrades it can no longer be utilised by the community in an emergency.

The Shire of Dardanup has submitted a detailed proposal and application to the Disaster Ready Fund for funding (\$3 Million funding requested) to complete upgrade works to the Dardanup Hall and Administration Centre. The outcome of the application is not expected before July.

The Project will increase the Shire's emergency preparedness by refurbishing and enhancing the Dardanup Town Hall to meet the standards necessary for it to continue to serve as a Primary Welfare Evacuation Centre within the townsite of Dardanup as well as renovate the adjacent administration building which serves as an Emergency Control Centre.

8.1.3 Mitigation Activity Funding

The Shire of Dardanaup's application for Mitigation Activity Funding was submitted on 14th April 2024. The application is seeking funding of \$328,000 to implement 32 treatments.

The Department of Fire and Emergency Services Bushfire Mitigation Branch will now undertake an assessment of our application to verify that it meets all the eligibility requirements. The Mitigation Activity Fund Committee will then consider each eligible application against selection criteria.

It is anticipated that we will be informed of the outcome by July 2024.

8.1.4 Bushfire Risk Management Plan

One of the key eligibility requirements under the MAF grants program is for the Shire to have a Bushfire Risk Management Plan (BRMP) endorsed by the Office of Bushfire Risk Management. The Shire of Dardanup's BRMP was developed in 2019 and is due for review in 2024.

The 2023 Guidelines for reviewing a BRMP were recently released and provide a clear process for the Shire to update their Plan. It is to be noted that the previous 5-year endorsement and review process has been changed to every 2 years to ensure information in the BRMP remains current and accurate.

8.1.5 Bushfire Brigades

In March/April 2024 the Shire's bushfire brigades were asked to assist the Shire of Waroona in managing a serious bushfire. Crews from all eight brigades were despatched to assist the Shire of Waroona over multiple days. On the 3rd April 2024 the 'all clear' was given by the Chief Bushfire Control Officer of the Shire of Waroona.

On 15th April 2024 the Shire of Waroona formally thanked each of the Shire of Dardanup's brigades for coming to the assistance of the community of their Shire.

Emergency Management Training Opportunities

WALGA offer Emergency Management training for Local Government

Local Governments have an essential role in Emergency Management due to their legislated responsibilities and links to the community. The way emergencies are managed is critical to the safety and sustainability of communities, ensuring the effective functioning of the Local Government and their staff. WALGA offer Emergency Management training courses such as;

- Emergency Management Fundamentals
- Emergency Management Foundations for Local Government
- Emergency Management for Local Government Leaders
- Community Disaster Recovery
- Recovery Coordinators Course for Local Government

All of these courses are valuable in that they build connections and networks with members of other Local Governments across the State, further enhancing information sharing and building capacity.

- **SECTOR UPDATES**

2024 Resilient Australia Awards

Nominations are now open for the 2024 Resilient Australia Awards, a program that celebrates and promotes outstanding initiatives that foster community resilience to disasters and emergencies across the nation. These awards recognise exceptional contributions in seven categories, showcasing the efforts to enhance our collective preparedness, response, and recovery capabilities. Projects or initiatives must have commenced after 1 January 2022 or demonstrate significant outcomes or enhancements since that date. Nominations close on **31 May 2024**. 2023 Emergency Preparedness Report

The 2023 Emergency Preparedness Report has now been published and is accessible via the [SEMC website](#).

The State Emergency Management Committee (SEMC) produces the Emergency Preparedness Report annually for the Minister for Emergency Services.

This report is a snapshot in time of the level of emergency management capability and preparedness we have, as a state, to manage before, during and after emergency events. It highlights our strengths, weaknesses, and areas for improvement statewide, and combines the input from about 170 agencies.

This style of reporting started in 2012 following catastrophic fire emergencies in the preceding fire season. As the only state in Australia to develop such a report for ministerial engagement, it has become a key reference for emergency preparedness in WA.

2022-23 Major Incidents Report and Australia's Riskscape

The Major Incidents Report 2022-23 and Australia's Riskscape Report Showcase webinar is now available to watch online, [here](#). The webinar identifies key factors in the systemic risk landscape that shape the risk, impacts and recovery from natural disaster.

The report identifies unique aspects of incidents and shares observations from managing them so the EM sector can plan and improve.

8.2.3 Department of Fire & Emergency Services – Mr Brian Penman

BUSHFIRE SEASON 2023/24

Please thank your brigades for their support in responding to the bushfires this fire season. The response to requests for assistance has been outstanding for what has been a very long and busy season. The High Threat Period for the DFES South West Region officially finished on the 11th April. However, given the prevailing dry weather conditions, the SW Region maintained the Automatic Response Zone mobilising and additional On-Call staff until the 25th April.

CLIMATE OUTLOOK (issued 18th April 2024)

It is hoped a cooler change to the weather will bring a reduction in the number and severity of fires over the coming months. However, the Climate Outlook shows little change in the dry and hotter conditions.

- Warmer May to July days and nights likely to very likely for much of Australia.
- Below median May rainfall likely for most of Australia.
- Soil moisture is very much below average in southwestern WA..

POST OPERATIONAL REVIEW – NANGA BROOK BUSHFIRE

A Post Operational Review of the Nanga Brook Bushfire was held on Monday 29th April. The review provides an important opportunity for people involved in an incident to have a voice; to raise and discuss positive outcomes that we should sustain and identify areas for improvement.

It is a systems focused process, which means it is not focused on individual performance (good or bad) but rather on the overall journey of an incident to its conclusion.

DFES uses an Observations Register to collect feedback for After Action Reviews and this register is available to all personnel and stakeholders to provide feedback for any incident. Volunteers and stakeholders can find the register by using the following link.

WAFES CONFERENCE 2024

To be held at Crown Perth on Friday 6th and Saturday 7th September, the 2024 WAFES Conference will explore the theme of *Yesterday, today, tomorrow: celebrating our heritage, embracing innovation, and planning for the challenges of the future.*

This year, a change to the registration process will give volunteers the opportunity to self-nominate and be considered for a place at the conference.

BGUs and DFES regional offices are also encouraged to put forward volunteers for this unique learning and networking opportunity, with nominations open from 1st May to 5th June.

- Reach out to your Emergency Relief and Support Regional Coordinator or email erspartners@communities.wa.gov.au for more information.

Disaster Ready Fund

Several LGs in Western Australia (WA) submitted applications for the Disaster Ready Fund (DRF) in 2024 to support the improvement of their facilities used as evacuation centres.

Communities had the opportunity to review LGs applications for the Disaster Ready Fund (DRF) provided to the Department of Fire and Emergency Services (DFES) for 2024 and assessed that the projects would contribute to the State's ability to provide emergency accommodation for evacuating communities. All applications were considered suitable to progress for further consideration in the DRF process.
