<i>Other News</i>	<b>Dardanup Cadets</b> Meeting is set with plans for upcoming season already underway. Program has a lot to offer all young people of the Dardanup shire between 12 and 16 years of age.

### **Item/s For BFAC Discussion**

#### 1. Item One – Bush Fire Brigade Work Instructions Book

Recently I requested guidance from the shire in regards to breeches of shire code of conduct, and failure to follow DFES guidelines for safe operating procedure.

I had to follow the existing draft which is not signed off on as pointed out by Chris Hynes, I understand this is under review? I would request that guidance be given to all brigades regarding procedure to follow regarding membership termination, I refer to email sent 5 February to brigade mailbox requesting guidance from the shire.

I would also request this document be revised asap to avoid difficult situations.

#### **Officer Comment**

Due to a change in staff, the work towards a BFB Handbook had been delayed. The new Emergency Management Officer will, now that the fire season is winding down, work with brigades to progress the Handbook towards completion.

The Shire's Human Resources staff have advised that managing an incident such as that explained above would be per the Shire's policy and procedure for handling grievances. The BFB Handbook will

incorporate these references. Officers are also looking into the potential of having workshops with the brigades facilitated by an independent facilitator on dealing with grievances, conflict and conduct.

### **Item/s For BFAC Discussion**

#### 1. Item One – Fuel Cards

We continue to travel long distances to utilise the Ampol card and on some occasions also travel to a second fuel station if the initial one is not operational. A multiple option card would be more efficient, especially for the brigades further out of town. We have brought this up in the past and were advised that it may affect the Shires purchasing power. Has this been confirmed? If we have the option to change the cards we believe that <https://www.wexinc.com/motorpass>, <https://www.fleetcard.com.au/> or similar would work, or perhaps two or three fuel cards to different suppliers to enable us to use different stations.

#### 2. Item Two – Building Works

There have been large gaps in communication to us regarding the progress of the shed upgrades. We have been advised that progress must be made by 30<sup>th</sup> June to keep the funding that has been allocated. We request that this be made a priority and that the Ferguson Brigade is kept up to date and involved in the process.

**Officer Comment**

The Shire will revisit the arrangements to see if there is another option. The issuing of WEX Motorpass Fuel Cards has been investigated previously and was not suitable at that time.

The building works at Ferguson Station are funded by an Asset Management Fund grant. Unfortunately, the grant is insufficient to cover the cost of the proposed works. There have been delays in obtaining advice from the grantor on how this problem may be rectified. Very recently, advice that there is no avenue for additional AMF funds, however, an extension of time to end of December has been granted, as long as works begin by the end of June to provide the Shire time in conjunction with the brigade to explore options.

The two main options going forward are to reduce the scope of works, or partially build according to the current scope. In both cases additional funding will be sought through the Local Government Grant Scheme..

### **Bushfire Risk Management Plan**

The Shire's current Bushfire Risk Management Plan 2019-2024 was endorsed by council on 6 November 2019. The plan is due for review by end of May.

The Shire has reviewed the plan and made a number of amendments, including transforming the plan to conform to the latest template. This draft was submitted to the Officer of Bushfire Risk Management for initial comments. These comments have been received.

The current draft of the plan is attached (Appendix BFAC: 8.12). Could comments be made asap.

The final draft is to be submitted to the Office of Bushfire Risk Management in mid-April.

The plan will be put to the Local Emergency Management Meeting of 8 May for endorsement, and thence to Ordinary Council Meeting of 22 May for final approval.

### **Fire Prevention Order – Potential amendment**

Any revisions to the Fire Prevention Order in preparation for the next fire season will go to the June meeting of the committee for endorsement.

A request has been submitted to the Shire to amend the Order.

*I am concerned about the Shire of Dardanup 2024 -2025 Fire Prevention order*

*In particular were it relates to Small holdings*

*Within that order it states that a firebreak must be installed immediately inside and along all property boundaries, 2 metres in width and 4 metres in height.*

*My concern is that based on the wording of the order a property that has garden beds, lawn or manicured scrubs on any perimeter regardless if the area is irrigated or not is treated the same as unkempt scrub or bush and is to be cleared of all trees, bushes, grasses and any other object or thing which may be flammable, leaving a surface of bare mineral earth.*

*The order gives no provision for property improvement or beautification and significantly impacts on property owners efforts to improve the overall property both in general improvement and value.*

*Whilst nothing is effectively fire proof irrigated lawns, gardens, and manicured scrubs offer far less a fire risk than non irrigated unkempt scrubs. With this in mind I believe consideration should be given to modify this and future fire prevention orders for small holdings to include the following wording*

***Firebreaks are NOT required on irrigated portions of land that is being actively and regularly irrigated throughout the entire restricted and prohibited burning periods.***

*I note there is a BFAC meeting in March 2025, I am happy to attend this meeting to discuss my concerns to achieve a positive outcome*

*I have discussed this issue with other community members and they have similar concerns and are supportive of this letter*

*I look forward to your response*

**Mitigation Activity Fund**

The Shire of Dardanup has been granted \$242,350 to assist in undertaking 27 bushfire mitigation activities. Mitigation activities include mechanical treatments to reduce fuel levels, the creation of firebreaks and planned burns.

### **Local Government Grant Scheme**

Funding for Bush Fire Brigades and State Emergency Service units is allocated via the Local Government Grant Scheme, which itself is funded by moneys collected through the Emergency Services Levy. The Shire uses Local Government Grant Scheme to fund the operational and capital expenses of its eight brigades.

To 21 February the Local Government Grant Scheme expenditure was \$198,569.05 out of the allocation of \$230,554, leaving \$31,984 remaining.

### **AMF – Waterloo Bore**

Asset Management Fund grant funding was received to drill a bore at Waterloo Brigade. The bore has been drilled, and a pump connected.

It should be noted that there is no water licence for this bore. There is a general exemption when the water is being used for fire fighting. Water may not be drawn for training and other activities.

### **AMF – Ferguson Station**

Asset Management Fund grant funding was received to upgrade the Ferguson station. The Shire has worked with the brigade to develop plans for the upgrade. In December a request for quotation was issued. Unfortunately, no quotes were received that came under budget.

The Department of Fire and Emergency Services has advised that additional funding is not available as the grant funding is fully subscribed. The Shire has liaised with the Department to identify possible courses of action to progress the project. The time-frame for completion has been extended by 6 months. Also partial completion would be acceptable, with Local Government Grant Scheme funding open for applications for residual funding to complete the project. Officers will be investigating the available options with the brigade.

### **Bush Fire Brigade Work Instructions**

The current Work Instructions are a single document. A review is currently underway that will break the work instructions into a suite of documents, each to be developed and reviewed separately, that together will form the Bush Fire Brigades Handbook of the Shire of Dardanup.

Due to the change of the Emergency Management Officer, and the bushfire season, the project has been delayed. Once the fire season eases the project will be re-initiated.

### **Brigade Annual General Meetings**

A reminder that the brigade annual general meetings are due to be conducted by 15 April 2025 per the *Bush Fire Brigades Local Law 2021*. A copy of the minutes and reports tabled are to be submitted to the Shire as soon as practicable after the meeting.

All brigade members, excluding cadets, are eligible to nominate and be nominated and invited to attend and participate in the selection process. Members of the public are not eligible to vote.

A Treasurer's report and an Equipment Officer's report are also both due 15 April 2025, per the *Bush Fire Brigades Local Law 2021*. These can be tabled at the Annual General Meeting.

A reminder that each brigade is to submit a Secretary's report to the Chief Bushfire Control Officer by 31 May 2025, per the *Bush Fire Brigades Local Law 2021*.

### 8.13 Title: Firebreak Exemption – Ranger Services

**Reporting Department**

*Shire of Dardanup*

**Reporting Officer**

*Mr Paul Sydney-Smith - Senior Ranger*

*(In the interest of time efficiency report to be accepted as presented, not read aloud at the meeting)*

#### **Fire Prevention Order – Temporary exemptions**

Seven temporary firebreak exemptions for the 2024/25 season have been received for consideration by the committee (applications attached separately).

<b>Lot No.</b>	<b>House No.</b>	<b>Property Address</b>
Lot 5	47	Hollyford Place, West Dardanup
