# Annual Budget

2024/25

## 1 Executive Summary

Under the provisions of the *Local Government Act 1995* (the Act), the Shire of Dardanup is required to prepare and adopt an Annual Budget for each financial year. The budget is required to be adopted by the 31<sup>st</sup> of August each year. Under the Act, the budget is required to include certain information about the rates and charges that Council intends to levy as well as a range of other information required by the Regulations that support the Act.

As is the practice and policy of the Shire of Dardanup, the Annual Budget has been adopted in late June, resulting in the adoption of the 2024/25 budget on the 26<sup>th</sup> of June 2024.

The 2024/25 Annual Budget presented in this report has been developed through an extensive process of consultation and review with Council and Council management.

As part of the Integrated Planning and Reporting annual review cycle, Council has during the 2023/2024 financial year reviewed and updated its Corporate Business Plan. A new 'Council Plan 2022-2032' was produced in 2022, with this single Plan intended to fulfil the function of both the Strategic Community Plan and the Corporate Business Plan. By combining these two plans into one 'Council Plan', it is possible to see how the organisation is intending to deliver on the priorities in one compact document.

At the Ordinary Council Meeting dated 22<sup>nd</sup> May 2024, Council endorsed the 2024-2027 Corporate Business Plan which forms part of the adopted 'Council Plan 2024-2034'. In addition to the review of the Corporate Business Plan element of the 'Council Plan', a review and update was conducted on the ten year Long Term Financial Plan, Workforce Plan and Asset Management Plans.

The 2024/25 Annual Budget has therefore been prepared taking into consideration these preceding reviews and incorporates relevant elements of the various strategies, plans and resolutions adopted by Council. This includes a 5.5% general rate revenue increase (excluding growth through interim rates) on Differential Rates and Minimum Rates for Gross Rental and Unimproved Values, an increase to the Specified Area Rate Bulk Waste levy, and a decrease in the Special Area Rate Eaton Landscaping levy, Reserve transfers, workforce changes, one new loan, capital works and operational expenditure.

It is the opinion of Council and Management that this budget is financially responsible and contributes towards the achievement of Council's Strategic Objectives as identified in the Shire of Dardanup 'Council Plan 2024-2034'. These long & medium term planning documents, having been adopted by Council in its annual review, provide the foundations of the Annual Budget.

Whilst this budget has been prepared on the basis of constraint, due partly to the ongoing uncertainty around the future impact on the community of rising interest rates and inflation, it is acknowledged that Council still needs to fund new community and organisational initiatives if it is to remain innovative and responsive towards the needs of the community.

## 2 Budget Overview

The Annual Budget has been developed within an overall planning framework that is detailed on the following pages. This framework guides Council in identifying community needs over the long term (Strategic Community Plan), converting these into medium (10 Year Long Term Financial Plan and 4 year Corporate Business Plan) and short term objectives, strategies, initiatives, activities and resource requirements (Annual Budget).

### Corporate Planning Flow Chart

Within this planning framework, a number of long term strategies have been adopted by Council that assist with sound financial management. Although Council works within this planning framework, it also remains responsive to community needs and requests during the budget process.

## 2.1 Budget Process

The 2024/25 Annual Budget, which is included in this report, is for the financial year 1<sup>st</sup> July 2024 to 30<sup>th</sup> June 2025 and is prepared in accordance with the requirements outlined in the *Local Government Act 1995*, *Local Government (Financial Management) Regulations 1996* and Australian Accounting Standards (AASB's).

The budget includes a number of standard financial statements being the Statement of Comprehensive Income, Cash Flow and Rate Setting Statement (Statement of Financial Activity), with comparative figures for the previous financial year provided where relevant. It includes extensive notes together with staff working papers that details information about the rates and charges to be levied, the capital works program to be undertaken and other financial information, which Council requires in order to make an informed decision about the adoption of the budget.

The process of preparing and adopting the Annual Budget is a lengthy and detailed process undertaken over a number of months.

The key dates for the budget process are summarised below:

Budget process	Month
1. Council review & adoption of strategic planning documents. Commence review of Council's Strategic Community Plan	Jan - March
2. Staff commence budget process	February
3. Review Councillor, Community and Staff budget requests	March
4. Review of the Strategic Financial Plan incorporating the Long Term Financial Plan, various Asset Management Plans, Rating Strategy, Reserve Plan, Debt Strategy, Capital Works and Operating Schedules	March - May
5. Integration and update of the Integrated Planning and Reporting elements into the Long Term Financial Plan and Corporate Business Plan	March - May
6. CEO & Management review and endorse the draft Council Plan (incorporating the Strategic Community Plan and Corporate Business Plan) and Long Term Financial Plan	May
7. Council adopts the draft Budget, including the setting of rates	May
8. Adopt Annual Budget. Adopt Council Plan.	Late June

## 2.2 Major Budget Influences

In preparing the 2024/25 budget, a number of internal and external influences have been taken into consideration, as they have a material influences.

### **Cost Increases**

The Consumer Price Index (CPI), as a basis of raising rates fundamentally fails to reflect all of the costs of delivering services. A significant portion of Council's expenditure relates to infrastructure construction, therefore the CPI that measures goods consumed by households, does not reflect the service provision provided by a Local Government Authority. For this reason cost increases are based on a combination of factors including the WALGA Cost Index, growth projections and CPI.

### **Salaries & Wages**

Total Salaries & Wages (including superannuation) for 2024/25 is forecast to be \$12.267M. Key influences include:

- a. WA State Local Government Industry Award minimum wage increases.
- b. Minor decrease in Full Time Equivalent (FTE) staffing from 120.18 FTE to 120.47 FTE.

Totals wages (including superannuation) are summarised in Appendix M of the budget papers.

### **Rates Revenue**

- The budget has been prepared on the basis of a 5.50% General Rate revenue increase (excluding interim rate income) in line with the Corporate Business Plan and Long Term Financial Plan. For the 2024/25 Annual Budget, Differential Rating has been introduced across six (6) Differential Rating categories including:
  - Residential (including Residential Vacant)
  - Commercial (including Commercial Vacant)
  - Industrial (including Industrial Vacant)
  - Rural Residential (including Rural Residential Vacant)
  - Accommodation
  - UV Rural (including UV1, UV2, UV3 and Mining)

Further information on the 2024/25 Differential Rating categories can be found under Rates and Services Charges section of the budget, within the statutory annual budget document.

- The Specified Area Rate for Bulk Waste Collection will generate \$147,869, based on a 31% increase in the Rate. The rate provides properties with 2 x green waste & 1 x hard waste collections per financial year. The increased revenue is attributed solely to growth in property numbers, with an average rate of approximately \$30 per property.
- The Specified Area Rate (SAR) for Eaton Landscaping will generate \$186,017, based on a 31% decrease in the Rate. The decrease in revenue is attributed the removal of capital projects funded by Specified Area Rate Eaton Landscaping, with an average rate of \$41 per property. The Specified Area Rate will be allocated as follows:
  - \$186,017 allocated to maintenance of parks and reserves in Eaton townsite.

### **Fees & Charges Revenue**

- Overall Fees and Charges revenue is forecast at \$4.18m which is an increase of \$461k over the previous financial year.
- The Fees and Charges have been reviewed not only on the basis of cost recovery, but to also allow for a clear application by staff while not being cost prohibitive. There has been a general 3.2% increase applied to many service area Fees and Charges, except where cost increases have been clearly identified or statutory increases have applied.

- New Fees have been included for various meeting room hire at the Eaton Sports Pavilion and Eaton Administration Building, car parking at Eaton Recreation Centre and Eaton Community Library, and the addition of waste tipping fees for recycling and cardboard waste utilising 240l wheelie bins.

#### **Grant Revenue**

- Federal Local Government Financial Assistance Grants are forecast to be received during the 2024/25 financial year.
- Non-operating grants, subsidies and contributions are forecast at \$2.920m plus grants received which are required to be re-recognised as Contract Liabilities under the Australian Accounting Standards. These relate to specific capital projects.
- Commonwealth Financial Assistance Grants to local governments are an important untied payment to councils from the Australian Government which are invested in essential community infrastructure and services. The Shire of Dardanup welcomes the payment of the grants and acknowledges the importance of this direct funding link between the Commonwealth and local government.
- The Shire of Dardanup also acknowledges and welcomes WA State Government grants and acknowledges the importance of this funding assistance link between the State and local government.

Service Charges	0	0	0	0%
Fees & Charges	4,188,470	3,726,548	461,922	12.4%
Interest Revenue	884,598	626,059	258,539	41.3%
Other Revenue	10,914	24,711	(13,797)	(55.8)%
<b>Total Operating Revenue</b>	<b>28,257,876</b>	<b>25,271,402</b>	<b>2,986,474</b>	<b>11.8%</b>

### ***Grants & Subsidies & Contributions – Operating: \$2,377,281*** (\$199,323 Increase)

It is forecast that Council will receive \$2.377m in operational grants. Approximately 68% of this figure is budgeted grant revenue from the Local Government Grants Commission being General Purpose Grant (\$1,011,465) and Local Roads Grant revenue (\$609,542). Council & staff continue to be very active in sourcing funding for projects as an alternative to general revenue.

### ***Grants & Subsidies & Contributions – For the Development of Assets: \$2,920,564*** (\$264,892 Increase)

Capital grants and contributions include all monies received from State, Federal and community sources for the purposes of funding the capital works program. Significant grants for 2024/25 include;

- State Government - Regional Road Group grants of \$1.814m.
- State Government Transport Grants \$147k.
- State Government – Building Construction \$328k.

- Commonwealth Government – Roads to Recovery \$316k.

***Profit on Assets Disposals: \$730,000***

(\$730,000 Increase)

The \$730,000 profit on disposal relates to the sale of Lot 31 Sanford Way, Eaton. This is a non-cash item. There is no budgeted profit planned from the sale of plant and vehicles in 2024/25.

***Service Charges: \$0***

No Service charges will be raised in 2024/25.

***Fees & Charges: \$4,188,470***

(\$461,922 Increase)

Relates to the recovery of service delivery costs through the charging of fees to users of Council's services. These include use of recreation & community facilities and the provision of statutory services such as Town Planning, Building Control and Health Administration.

***Interest Revenue: \$884,598***

(\$258,539 Increase)

Interest revenue includes interest on investments and arrears on rates. The interest earnings in 2024/25 are forecast to be more than the previous budgeted financial year due to the impact of increasing interest rates. The majority of interest income is primarily interest earned on short-term deposits invested by Council.

## 2.5 Operating Expenditure Analysis

Operating Expenditure	2024/25 Budget \$	2023/24 Budget \$	Change \$	Change %
Employee Costs	(13,107,505)	(12,116,943)	(990,562)	(8.2)%

Insurance	(412,418)	(368,081)	(44,337)	(12.0)%
Finance Costs	(523,460)	(463,401)	(60,059)	(13.0)%
Other Expenditure	(434,6682)	(401,801)	(32,881)	(9.3)%
<b>Total Operating Expenditure</b>	<b>(29,852,774)</b>	<b>(27,826,521)</b>	<b>(2,026,253)</b>	<b>(7.3)%</b>

**a) Employee Costs: \$13,107,505**

(\$990,562 Increase)

Employee costs include all non-capital construction labour related expenditure such as wages and salaries and on-costs including allowances, employer superannuation, workers compensation insurance, fringe benefits tax, staff training etc.

Key factors that relate to the increase include:

- a. WA State Local Government Industry Award minimum wage increases.
- b. Increase in the Superannuation Guarantee Charge from 11.0% to 11.5%.
- c. Minor Decrease in Full Time Equivalent (FTE) staffing from 120.18 FTE to 120.47 FTE.
- d. Cap of 1.5% on Performance Based Salaries.
- e. Increase in Workers Compensation premium.

**b) Materials & Contracts: \$8,013,851**

(\$1,745,928 Increase)

The increase relates to price indexation plus additional operational activities across Council's operations.

**c) Utility Charges: \$690,724**

(\$106,717 Increase)

Utility (Gas, Water, Electricity) expenses are budgeted at \$690,724, representing a small increase in operating cost estimated charges.

**d) Depreciation: \$6,670,135**

(\$954,230 Decrease)

There is a budgeted increase in depreciation which is a combination of increases attributed to new assets acquired, decreases from disposed or sold assets, and a revaluation of buildings that occurred during the previous financial year. This is a non-cash item in the budget and does not directly affect rates required to be levied.

**e) Loss on Asset Disposals: \$0**

(No Change)

Relates to the non-cash loss on disposal of assets.

**f) Insurance: \$412,418**

(\$44,337 Increase)

The increase relates to the projected increase in insurance costs relating to Council's buildings and other assets.

**g) Interest Expense: \$463,401**

(\$258,425 Increase)

Relates to the interest repayment component on Council borrowings. A new loan of \$1,500,000 will be raised during 2023/24 for Council's Administration/Library Building.

**h) Other Expenditure: \$434,682**

(\$32,881 Increase)

This represents non-specific expenditure

## 2.6 Capital Works Budget

The 2024/25 Capital Works Budget forecasts total expenditure of \$7.834m, which is a decrease of \$10.317m from last financial year.

**SHIRE OF DARDANUP**  
**NOTES TO AND FORMING PART OF THE BUDGET**  
**FOR THE YEAR ENDED 30 JUNE 2025**

**1 BASIS OF PREPARATION**

The annual budget is a forward looking document and has been prepared in accordance with the *Local Government Act 1995* and accompanying regulations.

**Local Government Act 1995 requirements**

Section 6.4(2) of the *Local Government Act 1995* read with the *Local Government (Financial Management) Regulations 1996* prescribe that the annual budget be prepared in accordance with the *Local Government Act 1995* and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied where no inconsistencies exist.

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

Accounting policies which have been adopted in the preparation of this annual budget have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the annual budget has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

**The local government reporting entity**

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this annual budget.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 15 to the annual budget.

**2023/24 actual balances**

Balances shown in this budget as 2023/24 Actual are estimates as forecast at the time of preparation of the annual budget and are subject to final adjustments.

**Budget comparative figures**

Unless otherwise stated, the budget comparative figures shown in the budget relate to the original budget estimate for the relevant item of disclosure.

**Comparative figures**

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

**Rounding off figures**

All figures shown in this statement are rounded to the nearest dollar.

**Statement of Cashflows**

Investing and financing transactions that do not require the use of cash or cash equivalents shall be excluded from a statement of cash flows. Such transactions shall be disclosed elsewhere in the financial statements in a way that provides all the relevant information about these investing and financing activities.

**Initial application of accounting standards**

During the budget year, the below revised Australian Accounting Standards and Interpretations are expected to be compiled, become mandatory and be applicable to its operations.

- AASB 2020-1 Amendments to Australian Accounting Standards
  - Classification of Liabilities as Current or Non-current
- AASB 2022-5 Amendments to Australian Accounting Standards
  - Lease Liability in a Sale and Leaseback
- AASB 2022-6 Amendments to Australian Accounting Standards
  - Non-current Liabilities with Covenants
- AASB 2023-1 Amendments to Australian Accounting Standards
  - Supplier Finance Arrangements
- AASB 2023-3 Amendments to Australian Accounting Standards
  - Disclosure of Non-current Liabilities with Covenants: Tier 2

It is not expected these standards will have an impact on the annual budget.

- AASB 2022-10 Amendments to Australian Accounting Standards
  - Fair Value Measurement of Non-Financial Assets of Not-for-Profit Public Sector Entities, became mandatory during the budget year. Amendments to AASB 13 *Fair Value Measurement* impacts the future determination of fair value when revaluing assets using the cost approach. Timing of future revaluations is defined by regulation 17A of *Local Government (Financial Management) Regulations 1996*. Impacts of this pronouncement are yet to be quantified and are dependent on the timing of future revaluations of asset classes. No material impact is expected in relation to the 2024/25 statutory budget.

**New accounting standards for application in future years**

The following new accounting standards will have application to local government in future years:

- AASB 2014-10 Amendments to Australian Accounting Standards
  - Sale or Contribution of Assets between an Investor and its Associate or Joint Venture
- AASB 2021-7c Amendments to Australian Accounting Standards
  - Effective Date of Amendments to AASB 10 and AASB 128 and Editorial Corrections [deferred AASB 10 and AASB 128 amendments in AASB 2014-10 apply]
- AASB 2022-9 Amendments to Australian Accounting Standards
  - Insurance Contracts in the Public Sector
- AASB 2023-5 Amendments to Australian Accounting Standards
  - Lack of Exchangeability

It is not expected these standards will have an impact on the annual budget.

**Judgements, estimates and assumptions**

The preparation of the annual budget in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- estimated fair value of certain financial assets
- estimation of fair values of land and buildings and investment property
- impairment of financial assets
- estimation uncertainties and judgements made in relation to lease accounting
- estimated useful life of assets
- estimation of provisions
- estimation of fair value of leases

All rateable properties within the district used predominately for non-rural purposes are rated according to their Gross Rental Valuation (GRV), all other properties are rated according to their Unimproved Valuation (UV).

The general rates detailed for the 2024/25 financial year have been determined by Council on the basis of raising the revenue required to meet the estimated deficiency between the total estimated expenditure proposed in the budget and the estimated revenue to be received from all sources other than general rates and also considering the extent of any increase in rating over the level adopted in the previous year.

The minimum rates have been determined by Council on the basis that all ratepayers must make a reasonable contribution to the cost of local government services/facilities.

**FOR THE YEAR ENDED 30 JUNE 2025**

**2. RATES AND SERVICE CHARGES (CONTINUED)**

**(c) Objectives and Reasons for Differential Rating**

To provide equity in the rating of properties across the Shire the following rate categories have been determined for the implementation of differential rating.

**Differential general rate**

<b>Description</b>	<b>Characteristics / Objects / Reasons</b>
<b>Differential Rate Categories - GRV</b>	
Residential	Properties that have a residential land use located primarily within the Shire's townsites of Eaton, Millbridge, Dardanup and Burekup. Consist of Residential and Ancillary Residential Uses (dwellings, home occupations and home offices). These properties have access to most Council services including footpaths, street lighting, parks, etc. A minimum rate of \$1,625.00 is applied.
Rural Residential	Properties that have a residential rural land use located outside of townsite boundaries. As a result of the higher GRV valuations for these properties and less services provided (i.e.: no footpaths or street lighting) the rate in the dollar is lower than the residential rate. A minimum rate of \$1,722.00 is applied.
Commercial	Properties that have a commercial land use generally within the town centres' business districts including cafés, restaurants, food and clothing shops, showrooms, etc. As a result of the higher GRV valuations for these properties, the rate in the dollar reflects the additional cost to Council of servicing such commercial activity including CBD car parking, lighting, walkways, landscaping and other amenities, which also attracts greater numbers of vehicle usage on Council roads. This rate ensures that such commercial activities contribute to the cost of Council providing these commercial related facilities and services. A minimum rate of \$1,722.00 is applied.
Industrial	Properties that have an industrial and composite industrial land use may include light industry, fuel depots, motor vehicle repairs, showroom, storage facilities, warehouses, workshops, waste processing or landfill facilities. As a result of the higher GRV valuations for these properties, the rate in the dollar reflects the cost to Council of servicing such industrial activity including increased planning and environmental management, and the servicing of land which attracts greater numbers of heavy haulage and light vehicle usage on Council roads. This rate ensures that such industrial activities contribute to the cost of Council providing these industrial related facilities and services. A minimum rate of \$1,722.00 is applied.
Accommodation	Properties that have an accommodation land use generally include camping grounds, caravan parks, chalets, motels and holiday units. The rate in the dollar reflects the additional cost to Council of servicing such land, of which the predominant use is tourism-related, which attracts greater numbers of vehicle usage on Council roads. This rate ensures that such accommodation activities contribute to the cost of Council providing accommodation and tourism-related facilities and services. A minimum rate of \$1,722.00 is applied.
<b>Differential Rate Categories - GRV Vacant Land</b>	
Vacant Land - Residential	Properties with a Residential zoning that are vacant. The rate in the dollar equates to the GRV Residential base rate and reflects the need to maintain a relative contribution towards total rating income from the category and ensure all property owners are paying a fair and equitable contribution to works and services. The minimum is the same as the Residential developed category. A minimum rate of \$1,625.00 is applied.
Vacant Land - Residential Rural	Properties with a Rural Residential zoning that are vacant. The rate in the dollar equates to the GRV Rural Residential base rate and reflects the need to maintain a relative contribution towards total rating income from the category and ensure all property owners are paying a fair and equitable contribution to works and services. The minimum is the same as the Rural Residential developed category. A minimum rate of \$1,722.00 is applied.
Vacant Land - Commercial	Properties with a Commercial zoning that are vacant. The rate in the dollar equates to the GRV Commercial base rate and reflects the need to maintain a relative contribution towards total rating income from the category and ensure all property owners are paying a fair and equitable contribution to works and services. The minimum is the same as the Commercial developed category. A minimum rate of \$1,722.00 is applied.
Vacant Land - Industrial	Properties with an Industrial zoning that are vacant. The rate in the dollar equates to the GRV Industrial base rate and reflects the need to maintain a relative contribution towards total rating income from the category and ensure all property owners are paying a fair and equitable contribution to works and services. The minimum is the same as the Industrial developed category. A minimum rate of \$1,722.00 is applied.

(c) Objectives and Reasons for Differential Rating

Differential Rate Categories - UV

UV Rural	Properties that have an exclusive rural land use located outside of townsite boundaries and applies generally to agricultural areas. Sets the base rate for which UV Tiered differential rating categories UV1, UV2 and UV3 are applied. A minimum rate of \$1,722.00 is applied.
UV Rural Additional Use 1	UV1 applies to properties where the predominant use of the land is prima-facie rural and the property has one approved non-rural use excluding residential and ancillary residential uses. The rate in the dollar equates to the UV base rate which reflects the additional cost to Council of servicing such land, of which the predominant non-rural use is tourism-related, which attracts greater numbers of vehicle usage on Council roads. This ensures that such commercial activities contribute to the cost of Council providing tourism-related facilities and services. The rate also recognises the lower cost of operating commercial activities on such land in comparison to operating such activities on GRV land. A minimum rate of \$1,722.00 is applied.
UV Rural Additional Use 2	UV2 applies to properties where the predominant use of the land is prima-facie rural and the property has two approved non-rural uses excluding residential and ancillary residential uses. The rate in the dollar equates to the UV base rate which reflects the additional cost to Council of servicing such land, of which the predominant non-rural use is tourism-related, which attracts greater numbers of vehicle usage on Council roads. This ensures that such commercial activities contribute to the cost of Council providing tourism-related facilities and services. The rate also recognises the lower cost of operating commercial activities on such land in comparison to operating such activities on GRV land. A minimum rate of \$1,722.00 is applied.
UV Rural Additional Use 3	UV3 applies to properties where the predominant use of the land is prima-facie rural and the property has three or more approved non-rural uses excluding residential and ancillary residential uses. The rate in the dollar equates to the UV base rate which reflects the additional cost to Council of servicing such land, of which the predominant non-rural use is tourism-related, which attracts greater numbers of vehicle usage on Council roads. This ensures that such commercial activities contribute to the cost of Council providing tourism-related facilities and services. The rate also recognises the lower cost of operating commercial activities on such land in comparison to operating such activities on GRV land. A minimum rate of \$1,722.00 is applied.
Mining	Properties that have a mining land use located outside of townsite boundaries. The rate in the dollar equates to the UV base rate which reflects the additional cost to Council of servicing such land which attracts greater numbers of heavy haulage vehicle usage on Council roads. This ensures that such mining activities contribute to the cost of Council providing mining-related facilities and services. The rate also recognises the lower cost of operating mining activities on such land in comparison to operating such activities on GRV land. A minimum rate of \$1,722.00 is applied.

(d) Differential Minimum Payment

Residential (including residential vacant)	A minimum rate of \$1,625.00 is applied.
Commercial (including commercial vacant)	A minimum rate of \$1,722.00 is applied.

**SHIRE OF DARDANUP**  
**NOTES TO AND FORMING PART OF THE BUDGET**  
**FOR THE YEAR ENDED 30 JUNE 2025**

**3. NET CURRENT ASSETS**

**(e) MATERIAL ACCOUNTING POLICIES**

**CURRENT AND NON-CURRENT CLASSIFICATION**

The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Shire's operational cycle. In the case of liabilities where the Shire does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the Shire's intentions to release for sale.

**TRADE AND OTHER PAYABLES**

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the financial year that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

**PREPAID RATES**

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the Shire recognises revenue for the prepaid rates that have not been refunded.

**INVENTORIES**

**General**

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

**Superannuation**

The Shire contributes to a number of superannuation funds on behalf of employees. All funds to which the Shire contributes are defined contribution plans.

**LAND HELD FOR RESALE**

Land held for development and sale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development. Finance costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed on to the buyer at this point.

Land held for resale is classified as current except where it is held as non-current based on the Shire's intentions to release for sale.

**GOODS AND SERVICES TAX (GST)**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

**CONTRACT LIABILITIES**

Contract liabilities represent the Shire's obligation to transfer goods or services to a customer for which the Shire has received consideration from the customer.

Contract liabilities represent obligations which are not yet satisfied. Contract liabilities are recognised as revenue when the performance obligations in the contract are satisfied.

**TRADE AND OTHER RECEIVABLES**

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for grants, contributions, reimbursements, and goods sold and services performed in the ordinary course of business.

Trade and other receivables are recognised initially at the amount of consideration that is unconditional, unless they contain significant financing components, when they are recognised at fair value.

Trade receivables are held with the objective to collect the contractual cashflows and therefore the Shire measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to inflation, any difference between the face value and fair value is considered immaterial.

The Shire applies the AASB 9 simplified approach to measuring expected credit losses using a lifetime expected loss allowance for all trade receivables. To measure the expected credit losses, rates receivable are separated from other trade receivables due to the difference in payment terms and security for rates receivable.

**PROVISIONS**

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

**EMPLOYEE BENEFITS**

**Short-term employee benefits**

Provision is made for the Shire's obligations for short-term employee benefits. Short term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the determination of the net current asset position.

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the determination of the net current asset position.

**Other long-term employee benefits**

Long-term employee benefits provisions are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

**MATERIAL ACCOUNTING POLICES**

**CASH AND CASH EQUIVALENTS**

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks, other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts.

Bank overdrafts are shown as short term borrowings in current liabilities in Note 3 - Net Current Assets.

**FINANCIAL ASSETS AT AMORTISED COST**

The Shire classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

**RECOGNITION OF ASSETS**  
Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Financial Management Regulation 17A (5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

**GAINS AND LOSSES ON DISPOSAL**  
Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in profit or loss in the period which they arise.

MATERIAL ACCOUNTING POLICIES

BORROWING COSTS

The Shire has elected to recognise borrowing costs as an expense when incurred regardless of how the borrowings are applied.

Fair values of borrowings are not materially different to their carrying amounts, since the interest payable on those borrowings is either close to current market rates or the borrowings are of a short term nature.

Borrowings fair values are based on discounted cash flows using a current borrowing rate.

<p><b>LEASES</b></p> <p>At the inception of a contract, the Shire assesses whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.</p> <p>At the commencement date, a right-of-use asset is recognised at cost and a lease liability at the present value of the lease payments that are not paid at that date. SHIRE OF DARDANUP  
NOTES TO AND FORMING PART OF THE BUDGET  
FOR THE YEAR ENDED 30 JUNE 2025

12. MAJOR LAND TRANSACTIONS

It is not anticipated that Council will be party to any Major Land Transaction during 2024/25.

13. TRADING UNDERTAKINGS AND MAJOR TRADING UNDERTAKINGS

It is not anticipated that Council will be party to any Trading Undertakings or Major Trading Undertakings during 2024/25.

14. INVESTMENT IN ASSOCIATES

It is not anticipated that Council will be party to any Investment in Associates during 2024/25.

MATERIAL ACCOUNTING POLICIES

Investments in associates

An associate is an entity over which the Shire has significant influence. Significant influence is the power to participate in the financial operating policy decisions of that entity but is not control or joint control of those policies. Investments in associates are accounted for in the financial statements by applying the equity method of accounting, whereby the investment is initially recognised at cost and adjusted thereafter for the post-acquisition change in the Shire's share of net assets of the associate. In addition, the Shire's share of the profit or loss of the associate is included in the Shire's profit or loss.

The carrying amount of the investment includes, where applicable, goodwill relating to the associate. Any discount on acquisition, whereby the Shire's share of the net fair value of the associate exceeds the cost of investment, is recognised in profit or loss in the period in which the investment is acquired.

Investments in associates (continued)

Profits and losses resulting from transactions between the Shire and the associate are eliminated to the extent of the Shire's interest in the associate. When the Shire's share of losses in an associate equals or exceeds its interest in the associate, the Shire discontinues recognising its share of further losses unless it has incurred legal or constructive obligations or made payments on behalf of the associate. When the associate subsequently makes profits, the Shire will resume recognising its share of those profits once its share of the profits equals the share of the losses not recognised.

SHIRE OF DARDANUP
